PROXY STATEMENT

**2009 Annual Meeting of Stockholders
June 10, 2009**

This Proxy Statement is furnished by the Board of Directors of Summer Infant, Inc., a Delaware corporation, in connection with the solicitation of proxies to be used at the Annual Meeting of stockholders to be held on June 10, 2009, and at any adjournments or postponements of that meeting. Our Board of Directors has fixed May 5, 2009 as the record date for determining those stockholders entitled to receive notice of, and to vote at, the Annual Meeting. Only stockholders of record at the close of business on May 5, 2009 will be entitled to vote at the Annual Meeting. This Proxy Statement and the accompanying proxy card are first being mailed or given to holders of our common stock on or about May 11, 2009.

Proxies in the form enclosed are solicited by our Board of Directors. Any proxy, if received in time for voting and not revoked, will be voted at the Annual Meeting in accordance with the stockholder's instructions on the proxy card. If no instructions are given on the proxy card, the proxy will be voted **FOR** the election as directors, of the nominees named in this proxy statement, and upon that other business as may properly come before the meeting in the appointed proxies' discretion. At present, management knows of no additional matters to be presented at the Annual Meeting, but if other matters are presented, the persons named in the proxy card and acting under the proxy card will vote or refrain from voting in accordance with their best judgment pursuant to the discretionary authority conferred by the proxy.

Revocability of Proxies

A proxy may be revoked at any time prior to its exercise—

- (i) by submitting a written notice revoking that proxy, addressed to our Corporate Secretary at our principal office at 1275 Park East Drive, Woonsocket, RI 02895, or
- (ii) at the Annual Meeting prior to the taking of a vote.

Any stockholder entitled to vote at the Annual Meeting may attend the Annual Meeting and vote in person on any matter presented for a vote to our stockholders at the Annual Meeting, whether or not that stockholder has previously given a proxy.

Solicitation of Proxies

Solicitation of proxies will be made initially by mail. Proxies may also be solicited personally, by telephone, e-mail or by facsimile transmission by our directors, officers and other employees. We will bear all costs and expenses incurred in connection with this solicitation, including the cost of printing and mailing these proxy materials and the expenses, charges and fees of brokers, custodians, nominees and other fiduciaries who, at the request of our management, mail material to, or otherwise communicate with, the beneficial owners of our common stock held of record by those brokers, custodians, nominees or other fiduciaries.

Householding of Special Meeting Materials

Some banks, brokers and other nominee record holders may be participating in the practice of "householding" proxy statements and annual reports. This means that only one copy of these proxy materials may have been sent to multiple stockholders in each household. We will promptly deliver a separate copy of these proxy materials to any stockholder upon written or verbal request to our

Corporate Secretary at our principal office at 1275 Park East Drive, Woonsocket, RI 02895, telephone: (401) 671-6550. Any stockholder who wants to receive separate copies of proxy materials in the future, or any stockholder who is receiving multiple copies and would like to receive only one copy per household, should contact that stockholder's bank, broker, or other nominee record holder, or that stockholder may contact us at the address and phone number set forth above.

Voting Securities

As of May 5, 2009, the record date for the Annual Meeting, there were 15,404,782 shares of common stock issued and outstanding, including 261,750 unvested restricted stock shares, all of which are entitled to vote at the Annual Meeting. Fractional shares will not be entitled to vote, but each full share of common stock entitles the holder of that share to one vote on all matters properly brought before the Annual Meeting. At present, our common stock is the only class of our capital stock that is issued and outstanding.

Vote Required

Each common stockholder is entitled to one vote for each share held by that stockholder on May 5, 2009. The representation in person or by proxy of at least a majority of the shares of common stock entitled to vote at the Annual Meeting is necessary to establish a quorum for the transaction of business. Abstentions and "broker non-votes," as described below, will be counted for purposes of determining whether a quorum is present for the transaction of business at the Annual Meeting.

The affirmative vote of a plurality of the shares of our common stock represented in person or by proxy at the Annual Meeting is necessary for the election of directors. The affirmative vote of the majority of shares present in person or represented by proxy at the Annual Meeting and voting on those matters is required for approval of the other proposals described in this proxy statement. With regard to these proposals, shares which are entitled to vote but abstain from voting on a matter will be excluded from the vote and will have no effect on its outcome. Furthermore, shares held in "street name" by a broker or nominee who indicates on a proxy that it does not have discretionary authority to vote those shares as to a particular matter will also be entirely excluded from the vote and will have no effect on its outcome. We refer to these shares as "broker non-votes."

Written notice of the results of the voting at the Annual Meeting or adjournments of the meeting will not be mailed to stockholders, but will be available without charge, upon request to our Corporate Secretary at our principal office at 1275 Park East Drive, Woonsocket, RI 02895 telephone: (401) 671-6550.

PROPOSAL NUMBER ONE
ELECTION OF DIRECTORS

Pursuant to our Amended and Restated Certificate of Incorporation, our Board of Directors is divided into three classes. The terms of current Class A directors Myra Hart and Robert Stebenne expire in 2011. The terms of current Class B directors Steven Gibree, Martin Fogelman and Richard Wenz expire at the Annual Meeting. The terms of current Class C director, Jason Macari, expires at the annual meeting of stockholders to be held in 2010. Messrs. Gibree, Fogelman and Wenz have been nominated and recommended for election to serve as directors for a three-year term until the annual meeting of stockholders to be held in 2012.

Based on its review of the relationships between its existing directors (including the director nominees) and our company and our subsidiaries, our Board of Directors has affirmatively determined that if these nominees are elected, a majority of our directors will be independent under the rules of the Nasdaq Stock Market.

On March 6, 2007, under an Agreement and Plan of Reorganization, dated as of September 1, 2006, we acquired Summer Infant, Inc. (“Summer Predecessor”), through the merger of our acquisition subsidiary and Summer Predecessor. Prior to the merger, we were referred to as KBL Healthcare Acquisition II, Inc. Effective upon closing this merger, we changed our name to Summer Infant, Inc. Upon completion of the merger, our Board of Directors was increased to seven members. Two persons who were designated by the former stockholders of Summer Predecessor, Jason P. Macari and Steven Gibree, were added to our Board of Directors. Two persons, Marlene Krauss and Martin Fogelman, were designated by certain of our founding stockholders. The other three members of our Board of Directors, Myra Hart, Robert Stebenne and Richard Wenz, were mutually designated by these founding stockholders and by these former Summer Predecessor stockholders. Ms. Krauss resigned from the Board of Directors in 2008 and her seat on the Board of Directors will be filled at the Company’s 2010 Annual Meeting when it comes up for election. These stockholders have entered into a voting agreement with respect to the election of directors. See “Voting Agreement” below.

Committees of the Boards of Directors

Our Board of Directors has designated the following committees: an Audit Committee, a Compensation Committee and a Nominating Committee. The composition and objectives of each committee are described below. Our Board of Directors continues to review its committees and the independence and qualifications of its current committee members in light of changes required under the Sarbanes-Oxley Act of 2002 and by the Securities and Exchange Commission (the “SEC”) and the Nasdaq Stock Market.

Our Board of Directors has determined that a majority of the members of our Board of Directors are independent directors under the rules of the Nasdaq Stock Market. See “*Corporate Governance*” below.

Audit Committee

The Audit Committee held four meetings in 2008. As described in the Audit Committee’s charter, a copy of which is available on our website at www.summerinfant.com, the primary function of the Audit Committee is to appoint, retain, set compensation of, and supervise our independent accountants, review the results and scope of the audit and other accounting related services and review our accounting practices and systems of internal accounting and disclosure controls.

The Audit Committee currently consists of three members: Richard Wenz, Chairman, Myra Hart and Robert Stebenne. Each member of the Audit Committee is an “independent” director under SEC rules. No member of the Audit Committee is an employee of our company or any of its subsidiaries. We have not relied on exemptions for Audit Committee independence requirements contained in Rule 10A-3 under the Securities Exchange Act of 1934. The members of the Audit Committee are

required to have extensive business and financial experience. They are also required to have a good understanding of financial statements, including our balance sheet, income statement, cash flow statement and its quarterly and annual reports on Forms 10-Q and 10-K and related financial statements and disclosures. Our Board of Directors has determined that Mr. Wenz qualifies as an Audit Committee “financial expert.”

The Audit Committee meets with our external and internal auditors and principal financial personnel to review quarterly financial results and the results of the annual audit (in both regular and executive sessions). The Audit Committee reviews and approves annual external auditor engagement plans, scopes and fees. The Audit Committee approves all fees and terms related to the annual independent audit as well as all permissible non-audit engagements of the external auditors. The Audit Committee pre-approves all audit and permissible non-audit services to be performed by the external auditors.

Compensation Committee

The Compensation Committee met four times in 2008. As described in the Compensation Committee’s charter, which is available on our website at www.summerinfant.com, the Compensation Committee is responsible for the review and approval of our compensation paid to our executive officers and to the administration of our incentive compensation plans, which includes authority to make and modify awards under those plans.

The Compensation Committee currently consists of three members: Myra Hart, Chairman, Martin Fogelman and Richard Wenz. Each member of the Compensation Committee is an “independent” director under SEC rules. No member of the Compensation Committee is an employee of our company or any of its subsidiaries.

Nominating Committee

The Nominating Committee met two times in 2008. As described in the Nominating Committee’s charter, which is available on our website at www.summerinfant.com, the Nominating Committee is responsible for overseeing the selection of persons to be nominated to serve on our Board of Directors.

The Nominating Committee currently consists of three members: Robert Stebenne, Chairman, Martin Fogelman and Richard Wenz. Each member of the Nominating Committee is an “independent” director under SEC rules. No member of the Nominating Committee is an employee of our company or any of its subsidiaries.

The Nominating Committee will consider persons identified by its members, management, stockholders, investment bankers and others. Until our annual meeting of stockholders to be held in 2010, the nominees for our Board of Directors are determined pursuant to the terms of the voting agreement described below and approved by the Nominating Committee.

The Nominating Committee will identify, evaluate and recommend candidates to become members of our Board of Directors with the goal of creating a balance of knowledge and experience. Nominations to our Board of Directors may also be submitted to the Nominating Committee by our stockholders in accordance with our policy, as described below. Candidates will be reviewed in the context of the current composition of our Board of Directors, our operating requirements and the long-term interests of our stockholders. In conducting this assessment, the Nominating Committee will consider and evaluate each director-candidate based upon its assessment of the following criteria:

- Whether the candidate is independent pursuant to the requirements of the Nasdaq Stock Market.

- Whether the candidate is accomplished in his or her field and has a reputation, both personal and professional, that is consistent with our image and reputation.
- Whether the candidate has the ability to read and understand basic financial statements. The Nominating Committee also will determine if a candidate satisfies the criteria for being an “audit committee financial expert,” as defined by the SEC.
- Whether the candidate has relevant experience and expertise and would be able to provide insights and practical wisdom based upon that experience and expertise.
- Whether the candidate has knowledge of us and issues affecting us.
- Whether the candidate is committed to enhancing stockholder value.
- Whether the candidate fully understands, or has the capacity to fully understand, the legal responsibilities of a director and the governance processes of a public company.
- Whether the candidate is of high moral and ethical character and would be willing to apply sound, objective and independent business judgment, and to assume broad fiduciary responsibility.
- Whether the candidate has, and would be willing to commit, the required hours necessary to discharge the duties of Board membership.
- Whether the candidate has any prohibitive interlocking relationships or conflicts of interest.
- Whether the candidate is able to develop a good working relationship with other Board members and contribute to the Board’s working relationship with our senior management.
- Whether the candidate is able to suggest business opportunities to us.

Stockholders who wish to recommend to the Nominating Committee a candidate for election to our Board of Directors should send their letters to us, Attention: Nominating Committee. Our Corporate Secretary will promptly forward all letters to the members of the Nominating Committee. Stockholders must follow certain procedures to recommend to the Nominating Committee candidates for election as directors. In general, in order to provide sufficient time to enable the Nominating Committee to evaluate candidates recommended by stockholders in connection with selecting candidates for nomination in connection with our annual meeting of stockholders, the Corporate Secretary must receive the stockholder’s recommendation no later than thirty (30) days after the end of our fiscal year.

The recommendation must contain the following information about the candidate:

- Name;
- Age;
- Business and current residence addresses, as well as residence addresses for the past 20 years;
- Principal occupation or employment and employment history (name and address of employer and job title) for the past 10 years (or such shorter period as the candidate has been in the workforce);
- Educational background;
- Permission for us to conduct a background investigation, including the right to obtain education, employment and credit information;
- The number of shares of our common stock beneficially owned by the candidate;

- The information that would be required to be disclosed by us about the candidate under the rules of the SEC in a Proxy Statement soliciting proxies for the election of such candidate as a director (which currently includes information required by Items 401, 404 and 405 of Regulation S-K); and
- A signed consent of the nominee to serve as a director, if elected.

Voting Agreement

Messrs. Macari and Gibree and certain of our other stockholders entered into a voting agreement in connection with the KBL/Summer Predecessor merger. The individuals that were party to this voting agreement owned approximately 38.5% of our outstanding common stock in the aggregate at the date of the agreement. The voting agreement provides that Messrs. Macari and Gibree, on the one hand, and the other founding stockholders party to this voting agreement, on the other hand, will each designate two directors and mutually designate three additional directors to our Board of Directors. Each of the parties to the voting agreement will vote for these designees as directors until immediately following the election to be held in 2010.

Under the terms of the voting agreement, Messrs. Macari and Gibree, on the one hand, and the other founding stockholders party to this agreement, on the other hand, have agreed to vote for the designees to our Board of Directors through the election in 2010 as follows:

- Class A—Myra Hart and Robert Stebenne
- Class B—Steven Gibree, Martin Fogelman and Richard Wenz
- Class C—Jason Macari

Corporate Governance

Independence

Our Board of Directors has adopted categorical standards to assist it in making independence determinations. Under those standards, in determining independence each year, our Board of Directors will analyze each director's relationship with us and our subsidiaries to determine whether our directors are independent under the rules of the Nasdaq Stock Market. Our Board of Directors has determined that all of our current directors, except Messrs. Macari and Gibree, are "independent" within the meaning of the independence rules of the Nasdaq Stock Market.

Executive Sessions

All directors who are not employees of our company or our subsidiaries meet in executive session at least quarterly.

Code of Ethics

We have adopted a comprehensive Code of Ethics for all employees and directors, which can be found on our website at www.summerinfant.com.

Stockholders may send communications to our Board of Directors, the Chairman, or one or more non-management directors by using the contact information provided on our website. Stockholders also may send communications by letter addressed to our Corporate Secretary at Summer Infant, Inc., 1275 Park East Drive, Woonsocket, Rhode Island 02895. All communications will be received and reviewed by our Corporate Secretary. Stockholder concerns about our accounting, internal controls,

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The compensation committee of the board of directors consists of independent directors who are responsible, on behalf of the Board of Directors, for reviewing and approving the amounts and types of compensation paid to the Company's executive officers and the non-employee directors, as well as all bonus and equity compensation paid to other Company employees.

The committee is responsible for determining that compensation paid under the Company's programs is equitable (i.e., that it is appropriate to the responsibilities of the position), the performance of the company and the individual, and meets the standards of the competitive marketplace. The

committee typically meets four times per year and additionally as needed. The committee met 4 times during 2008. The compensation committee's chairman regularly reports to the board of directors on compensation committee policy, procedures, actions, and recommendations. The Company's compensation committee has authority to retain (at the Company's expense) outside counsel, compensation consultants and other advisors to assist as needed.

The individuals who served as the Company's chief executive officer, executive vice president of product development, and chief financial officer during fiscal year 2008, are referred to as the "named executive officers." With respect to the named executive officers (NEOs), this Compensation Discussion and Analysis identifies the Company's current compensation philosophy and objectives and describes the various methodologies, policies and practices for establishing and administering the compensation programs of the named executive officers.

Compensation Objectives

The goals of the compensation program are:

- To attract, retain and motivate qualified executives who will lead the company to in achieving high performance.
- To support business strategies that result in superior long term shareholder value.
- To align pay with performance by making a substantial portion of compensation dependent on achievement of corporate financial and strategic objectives as well as individual performance goals.
- To align management interests with those of our shareholder base by making a substantial portion of compensation equity-based.

The compensation committee believes that a properly structured compensation program attracts and retains talented individuals and motivates them to achieve specific short- and long-term strategic objectives. In order to do that, a significant percentage of executive pay is based on the principle of pay-for-performance. The compensation committee is committed to ensuring that the total compensation package of named executive officers is competitive with compensation at peer-group companies. The peer group used by HR Xpress included various consumer product companies in New England.

The Company's executive compensation programs are designed to provide:

- levels of base compensation that are appropriate to the responsibilities of the position and competitive with comparable companies;
- annual incentive awards that vary in a manner consistent with the achievement of the performance targets for the company and of individual performance objectives;
- long-term incentive compensation that focuses executive efforts on building shareholder value through meeting longer-term financial and strategic goals; and
- executive benefits that are competitive with comparable companies.

In designing and administering Summer Infant's executive compensation programs, the compensation committee attempts to strike an appropriate balance among these various elements.

- The committee considers the pay practices of the compensation peer group to assess the appropriate pay mix and compensation levels.
- With respect to performance-based pay, the compensation committee believes that executive compensation should be closely tied to achievement of the financial and operational goals

established in advance by the Board of Directors of the Company, as well as to the achievement individual performance goals of the named executive officers.

- The committee uses equity-based compensation to align the executives' interests with those of the Company's shareholders over a longer period of time. For purposes of retention, the compensation committee believes that the equity-based compensation should have meaningful conditions that encourage valued employees to remain in the employ of the Company as well as to achieve the performance goals of the company.
- The committee also considers executive benefit programs as a means to attract, retain and motivate highly qualified executives.

Methodology for Establishing Compensation

The compensation committee is comprised of three independent directors who satisfy the Nasdaq listing requirements and relevant SEC regulations. There are no interlocking relationships between any member of our compensation committee and any of our executive officers. None of the compensation committee members is an officer, employee or former officer or employee of the Company.

The compensation committee is responsible for all compensation decisions for the chief executive officer and other named executive officers. The chief executive officer annually reviews the performance of the other named executive officers, including consideration of market pay practices of the compensation peer group in conjunction with both Company and individual performance. The conclusions and recommendations of the chief executive officer are presented to the compensation committee for approval. The compensation committee has absolute discretion as to whether it approves the recommendations of the chief executive officer or makes adjustments, as it deems appropriate.

The Elements of Compensation

Total direct compensation includes cash, in the form of base salary and annual incentives. Equity in the form of restricted stock and options is used as a long-term incentive. The compensation committee evaluates the mix between these three elements of compensation based on the pay practices of comparable companies. Summer Infant is a young company and its compensation design is very much a work in progress. In 2008, with the assistance of a professional compensation consultant, HR Xpress, the company and the compensation committee reviewed all professional positions and classified them as to level of responsibility, appropriate base pay ranges and incentive payout ranges. The compensation decisions were made on the basis of competitive information provided by the consultant.

The companies included in the compensation peer group were selected primarily on the basis of their comparability to the Company based on a combination of geography (companies based in New England) and size, as measured through annual revenue, market capitalization and other financial measures. Although the compensation committee also considered and reviewed information from proxy statements and other relevant survey data, it particularly focused on the practices of the compensation peer group in considering compensation levels for the chief executive officer and the other named executive officers.

In its annual review, the compensation committee considers the opinions and recommendations of the chief executive officer and various outside counsel and strives to be fully informed in its determination of the appropriate compensation mix and award levels for the named executive officers. All compensation decisions are made with consideration of the compensation committee's guiding principles of fairness to employees, retention of talented executives and the achievement of improved Company performance, which ultimately benefits the Company's shareholders. With respect to the named executive officers, the following describes in greater detail the objectives and policies behind the various elements of the compensation mix.

Base Salary

The compensation committee strives to provide that employees are paid a base salary that is competitive with salaries paid by comparable organizations for similar work, based on each employee's experience, performance and geographic location. Generally, the Company has chosen to target cash compensation at market median levels in order to remain competitive in attracting and retaining executive talent. The allocation of total cash between base salary and incentive bonus awards is based on a variety of factors. The compensation committee considers a combination of the executive's performance, the performance of the Company and the individual business or corporate function for which the executive is responsible, the nature and importance of the position and role within the Company, the scope of the executive's responsibility, internal relationships or comparisons and the current compensation package in place for that executive, including the executive's current annual salary and potential bonus awards under the Company's short-time incentive plan.

The compensation committee generally evaluates executive salaries annually. An analysis of executive compensation indicated that base salaries for the named executive officers were generally positioned at the market median. For the 2008 fiscal year, based upon the compensation committee's assessment of the information and factors described above, the compensation committee determined to increase the base salaries of the named executive officers incrementally to maintain market median levels.

Annual Incentive Bonus

The Company intends to continue its strategy of compensating the named executive officers through programs that emphasize performance-based incentive compensation. The Company's short-term incentive compensation program is designed to recognize and reward executive officers and other employees who contribute meaningfully to an increase in stockholder value and profitability.

In general, the funding of the annual incentive bonus pool is dependent upon earnings before interest, taxes, depreciation and amortization (after deducting incentive compensation) of the Company, in addition to meeting certain other targets. If the plan is fully funded, each named executive officer has the ability to receive the target bonus payout. The percentage of the target bonus actually paid to each named executive officer depends on the attainment of corporate financial goals and individual performance targets.

Long-Term Incentive Awards

Long-term incentive awards are the third component of the Company's total compensation package. The compensation committee believes that equity-based compensation ensures that the Company's officers have a continuing stake in the long-term success of the Company. The Company's 2006 Incentive Plan provides for equity incentive awards, which include qualified and nonqualified stock options, restricted stock, stock appreciation rights, long-term incentive compensation units consisting of a combination of cash and common stock or any combination thereof within the limitations set forth in the plan. The compensation committee approves all awards under the plan and acts as the administrator of the plan.

Award levels under the plan are determined based on the compensation practices of the compensation peer group. In general, long-term incentive awards are targeted at the median of the compensation peer group with appropriate adjustments for individual and Company performance, although past awards have generally been below market levels. Options granted under the plan vest and become exercisable in equal installments over a four-year period from the grant date. All stock options have been granted with a ten-year term and have an exercise price equal to the fair market value of the Company's common stock on the date of grant. Restricted stock awards under the plan vest over a four year period. Restricted stock cannot be sold or transferred until the shares vest. Should a named

executive officer leave the Company prior to the completion of the applicable vesting schedule, the unvested portion of the grant is forfeited.

There were no issuances of stock options or restricted stock awards in fiscal 2008.

Broad-Based Benefits Programs

The named executive officers are entitled to participate in the benefits programs that are available to all full-time employees. These benefits include health, dental, and life insurance, healthcare reimbursement accounts, paid vacation and company contributions to a 401(k) profit-sharing retirement plan. Two of the named executive officers also receive a car allowance. The Company's 401(k) plan provides for matching contributions by the Company in an amount equal to the first 2% of employee compensation deferred, plus 50% of the next 1% of employee compensation deferred. All full-time employees age 21 and older are eligible to participate in the plan after six months of service.

Evaluation of Chief Executive Officer Compensation and Executive Performance

Compensation of Chief Executive Officer

The compensation committee meets with the other independent directors each year in executive session to evaluate the performance of the chief executive officer. The compensation committee also consults with its independent consultant in setting the chief executive officer's compensation. Neither the compensation committee nor its independent consultant confers with the chief executive officer or any other members of management when setting his base salary. The compensation committee does not rely solely on predetermined formulas or a limited set of criteria when it evaluates the performance of the chief executive officer and the other named executive officers. For fiscal year 2008, the compensation committee considered the chief executive officer's recent performance, his achievements in prior years, his achievement of specific short-term goals and the Company's performance in fiscal year 2007. Based on its review, the compensation committee at its February 2008 meeting approved a merit increase to raise the chief executive officer's salary to \$350,000 effective on March 1, 2008.

Compensation of Other Named Executive Officers

The chief executive officer met with the compensation committee to review his compensation recommendations for the other named executive officers. He described the findings of his performance evaluation of all such persons and provided the basis of his recommendations with the compensation committee, including the scope of each person's duties, oversight responsibilities and individual objectives and goals against results achieved for fiscal year 2007.

In addition to approving adjustments to Mr. Macari's base salary, at its February 2008 meeting, the compensation committee approved a merit increase to raise the base salaries of the Company's other named executive officers, effective on March 1, 2008, as follows: Steve Gibree, \$240,000 and Joseph Driscoll, \$200,000. In its analysis of the other named executive officers, the compensation committee applied the same rationale to this group as it applied when considering the chief executive officer's base salary. The compensation committee also considered the pay practices of the compensation peer group.

Administrative Policies and Practices

To evaluate and administer the compensation programs of the chief executive officer and other named executive officers, the compensation committee meets periodically each year in conjunction with regularly scheduled board meetings. The compensation committee also holds "special" meetings and meets telephonically to discuss extraordinary items.

The following table describes the compensation awarded to the Chief Executive Officer, the EVP of Product Development, and the Chief Financial Officer in 2008 and 2007 (the “named executive officers”):

Material Terms of Employment Contracts of Named Executive Officers

The employment agreement provides that, in the event of the termination of Mr. Macari's employment without cause or upon termination of his employment as a result of a breach of the employment agreement, the company will continue to pay him his base salary in accordance with our normal payroll schedule for a period of 12 months from the date of termination. The employment agreement contains certain restrictive covenants that prohibit Mr. Macari from disclosing information that is confidential to Summer Infant and its subsidiaries and generally prohibits him, during the employment term and for one year thereafter, from soliciting or hiring employees or competing with Summer Infant.

The employment agreement contains certain restrictive covenants that prohibit Mr. Gibree from disclosing information that is confidential to Summer Infant and its subsidiaries and generally prohibits him, during the employment term and for one year thereafter, from soliciting or hiring employees or competing with Summer Infant.

Joseph Driscoll, Chief Financial Officer. In September 2006, Mr. Driscoll entered into a full-time employment agreement with Summer Predecessor. This employment agreement is an appendix to the proxy statement we filed with the SEC in connection with the merger. Under the terms of this employment agreement, Mr. Driscoll serves as our chief financial officer for an initial term of two years. The employment agreement provides that Mr. Driscoll is to receive an annual base salary of \$170,000. Mr. Driscoll was also eligible to receive \$92,500 in bonus payments in 2007 based on the company achieving its 2007 performance goals in addition to successfully completing the KBL merger.

The employment agreement provides that, in the event of the termination of Mr. Driscoll's employment by Summer Infant without cause or upon termination of his employment as a result of breach of the employment agreement, the company will continue to pay him his base salary in accordance with the normal payroll schedule for a period of six months from the date of termination. SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers, and persons who own more than 10% of a registered class of our equity securities, to file with the SEC reports of ownership and changes in ownership of our common stock and other equity securities. Officers, directors and greater than 10% stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

Based solely on review of the copies of those reports furnished to us or written or oral representations that no other reports were required, we believe that during 2008, all filing requirements applicable to its officers, directors and greater than 10% beneficial owners were complied with.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In March 2009, the Company entered into a sale-leaseback transaction related to its corporate headquarters in Woonsocket, Rhode Island. Under the terms of the transaction, the Company sold its facility to Faith Realty II, LLC, a company owned by Jason Macari, CEO and Chairman of Summer Infant and his spouse, for \$4.05 million and subsequently entered into an agreement to lease the facility for an initial term of 7 years with one (1) 5 year extension option. The purchase price, which was determined by independent appraisals of the property, approximates the net book value of the building on the Company’s books, and therefore will result in an immaterial P&L impact. The company will be leasing back the building for approximately the same amount it currently pays in principal and interest payments each month on its real estate loan. This transaction enables the Company to pay down outstanding debt and provides greater borrowing flexibility.
